Hello Carrie,

John S. did mention we were meeting on Jan 21<sup>st</sup> in which a preliminary schedule was agreed to. Glencore's contractor is working on finalizing that schedule. Once the schedule is final we can make it available. In the meantime here is slide with a little more detailed schedule that John presented at the CLP meeting.

Hope this helps,  
Mike

Hi Cynthia,

I thought John Stroizzano (?) from Glencore mentioned at the CLP that there was a meeting on January 21st in which the preliminary project schedule was approved and that a detailed project schedule was available to the public. My impression from the meeting was that the schedule being discussed was the detailed tasks involved with developing the Phase I Data Summary Report (eg, the work that will be going on in 2016). Is that schedule available? Or would John or Roux Associates be a better person to contact for it?

Thanks,  
Carrie Eklund

Hi, Carrie.

The response to the public comments won't be available until the final action is taken by the EPA (i.e., final listing of the site).

A preliminary schedule for implementation of the RI/FS activities has been developed based on the proposed Scope of Work in this Work Plan and the preliminary Conceptual Site Model. The major phases of work outlined in this Work Plan along with a preliminary schedule of completion dates are listed below:

Phase I Site Characterization Field Program (4th Quarter 2016);

Phase I Data Summary Report (1st Quarter 2017);

Baseline Risk Assessment Work Plan (4th Quarter 2017);

Phase II Site Characterization Field Program (3rd Quarter 2018);

Phase II Data Summary Report (1st Quarter 2019)

Baseline Risk Assessment (3rd Quarter 2019)

Final RI Report (1st Quarter 2020);

FS Work Plan (3rd Quarter 2020); and

Feasibility Study (1st Quarter 2021).

Best regards,

Cynthia

Hi Cynthia and Mike,

Are the responses to public comments available for the CFAC site? I found the docket with the public comments online. Also, can I have a copy of the detailed project schedule? If these are not available at this time, please let me know.

Thanks,  
Carrie Eklund

Hi Cynthia and Mike,

I attended the CFAC CLP meeting last week and I was wondering if you could forward me a couple of the documents that were mentioned. I'd like a copy of the public comments (and responses) and the detailed project schedule (John mentioned this was available to the public). If you guys aren't the right people to ask, can you let me know who I should contact?

Thanks,  
Carrie Eklund
